How to Use This Index

This index represents a topical categorization of all Case Developments, Advance Sheet Highlights, articles, columns and Federal Register Highlights that have been reported in the *Clearinghouse Review* during its 18th volume year, May 1984 through April 1985.

The Casetable lists all cases reported in either the Case Developments or Advance Sheet Highlights sections of the *Review* in alphabetical order. For each case, the following information is provided: the Clearinghouse Number, in brackets; the Accession Number(s), in numerical order; any case citations or date of decision, reported with the most recent citation last; and the page number(s) of the *Review* on which the case appears.

The Topical Index classifies all cases reported in the Case Developments and Advance Sheet Highlights sections of the *Review*. Most headings contain *see* and *see also* references directing readers to other major subject headings for information on that topic. Within each major heading, the cases listed are divided into subtopics, often spanning two or more levels of categories representing the most specific issues covered by that case.

Users are advised to search the categorical sections, and then to refer to the Casetable for more detailed information.

The Articles and Columns and Federal Register Highlights sections of this index list items under major headings only. Items are listed alphabetically within each category and include the Clearinghouse Number, if available, and the page numbers on which the items appear.

For comprehensive research, readers are advised to use this index in conjunction with the Cumulative Index to volumes 1-17 of the *Clearinghouse Review*. One copy of the two-volume, 792-page Cumulative Index was mailed to each LSC-funded program in late 1984; additional copies are available from the Clearinghouse for \$50 per set.

ACKNOWLEDGMENTS

The Clearinghouse is pleased to publish the Annual Index to Volume 18. Readers are reminded to use this Index in conjunction with the Cumulative Index to Volumes 1-17 and the LSC Data Base maintained on the Lexis and Westlaw computer systems for comprehensive research into Clearinghouse case files.

This is the first annual index to be done on the Clearinghouse computer, instead of 3 x 5 cards or, as the past two indexes, by an outside firm. It is beyond the capacity of the Clearinghouse computer to do the extensive sorting of index headings that we require; the index preparation procedure is best described as partially automated. Michelle Nicolet, copy editor for the *Review*, created a system for preparing the Index that takes advantage of the work already done to publish the monthly issues of the *Review*. The system, however, still involves a great deal of tedious manual work transferring information from the monthly *Review* computer files of case developments and advance sheets to a special index format that allows the Index to be typeset from the computer. Thanks are due to Michelle for figuring out how to do the project, patiently doing the work, and making extra efforts to complete the project within several months of the close of the volume year at the end of April, while still keeping up with copy editing for the *Review* and other Clearinghouse publications.

Thanks are also due to Pamela Alires, for advice on the layout, cover design, proofreading and production; to Sandra Lee for advice on Lexis cite checking and computer list processing; and to Sherry McFall for help cleaning up the casetable and topical index and for final checking.

I would also like to thank the law students, Diana Calais, Sherry McFall, Marie Spicuzza and Jeannette Tamayo, who wrote the case developments and advance sheets for volume year 18. They indexed the issues in each case as an added step when they wrote the abstracts. This involved an extra 15 minutes work per case looking up appropriate index terms from a standard list. This task is done specially for index preparation and the computerized brief bank. Thanks are also due to staff attorneys Sharon Data and Sandra Lee for reviewing student index entries on a monthly basis and supplying some index entries themselves. These index entries were reviewed and coordinated by Michelle Nicolet as a preliminary step to the actual index preparation.

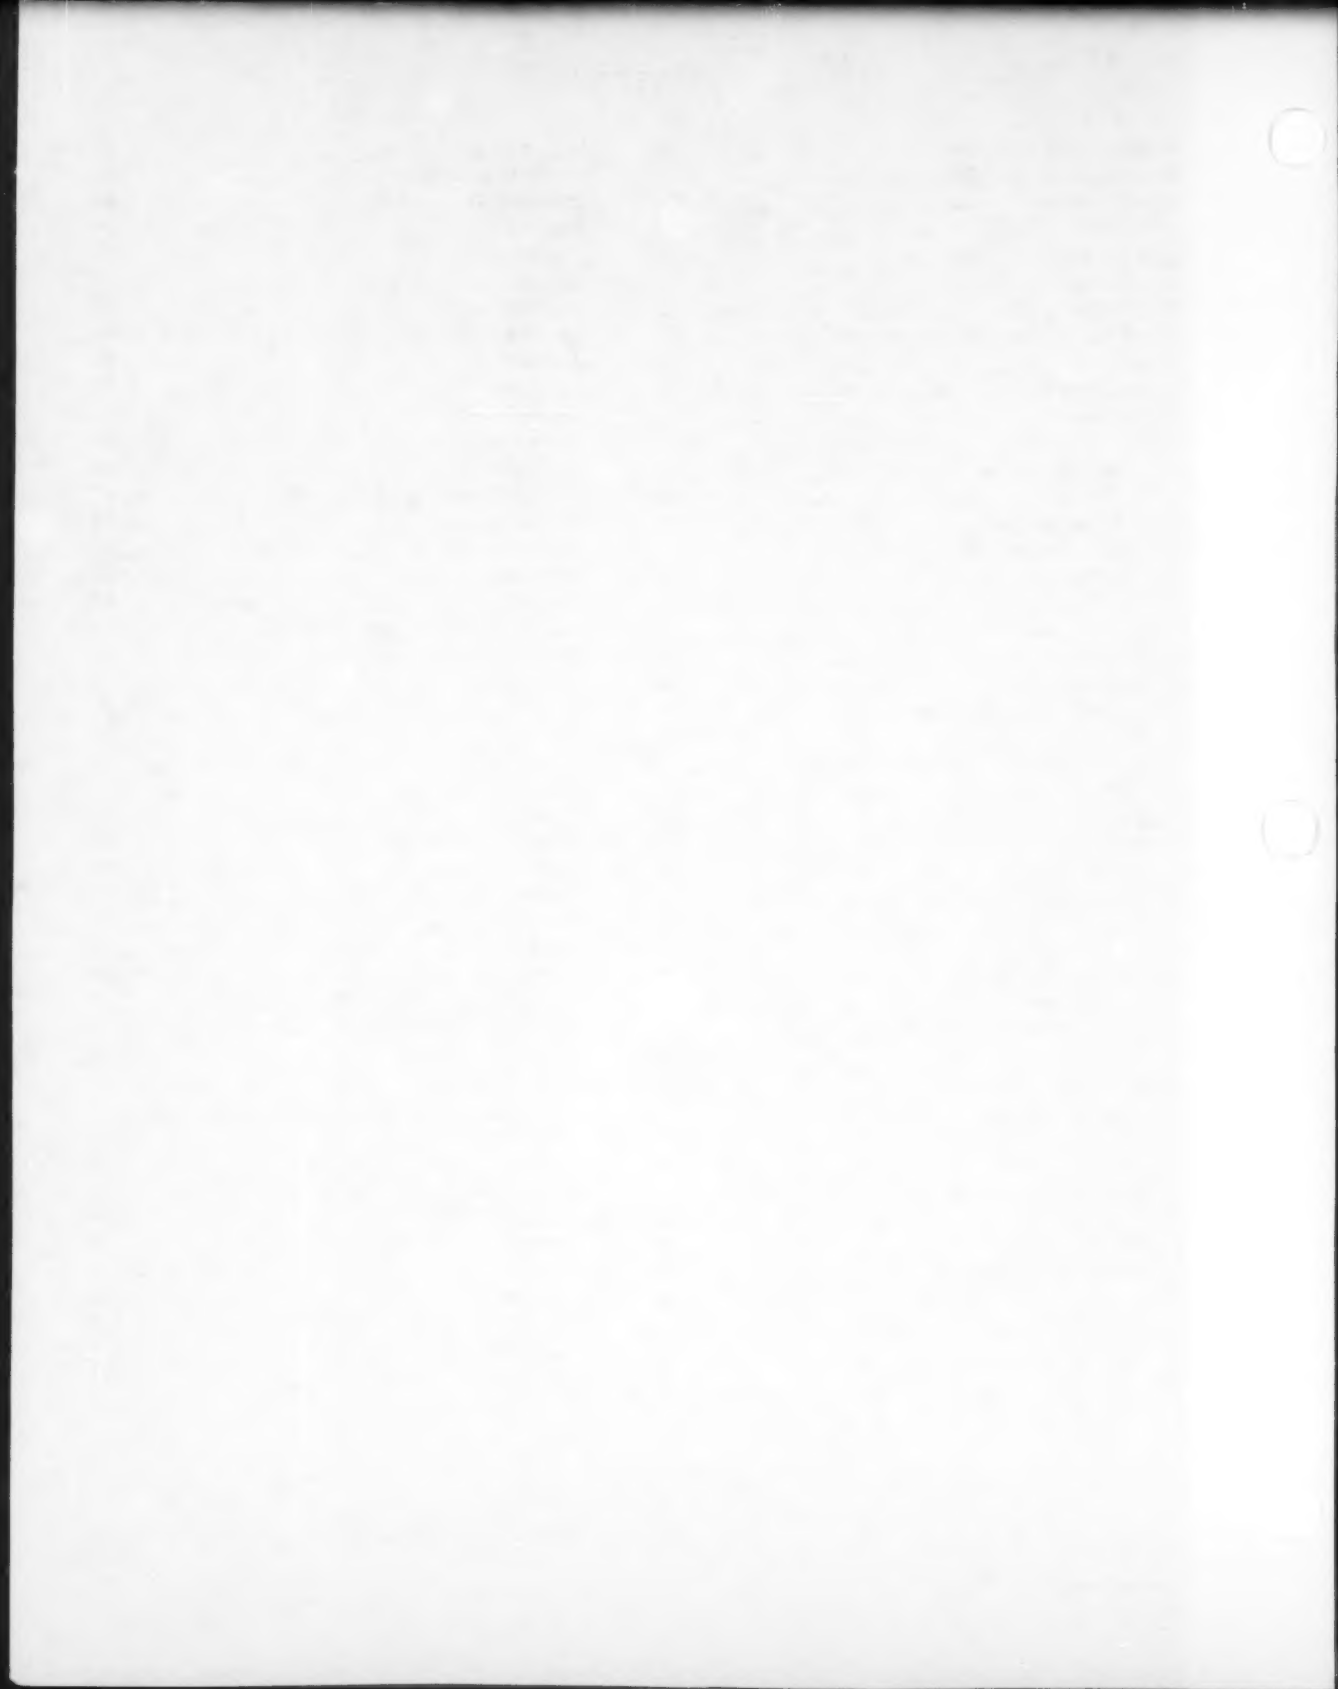

Finally, I would like to thank all of the readers who sent in cases to be published in the *Review* last year.

We will soon begin work on the Volume 19 Index. If you have suggestions and comments on ways to make the Index more useful, please write or call.

Managing Editor

CASETABLE

This is an alphabetical listing by case name of cases that have appeared in the Clearinghouse Review for the period covered by this index. The five-digit bracketed numbers are the Clearinghouse Numbers and must accompany all document reprint requests. The seven-digit numbers are the Accession Numbers (Acc. No.), identifying codes for materials in the LSC Data Base and in the Clearinghouse microfiche library. A case may have more than one Accession Number; new numbers are assigned to a case as new pleadings become available to the Clearinghouse. The LSC Data Base is available to legal services attorneys only. The Clearinghouse microfiche file is now available to non-LSC-funded attorneys; for more information contact Bob Serafin at the Clearinghouse. Official citations to cases listed in the Casetable are current as of June 15, 1985.

HOW TO USE CLEARINGHOUSE SERVICES

All of the items in the Case Developments section of the *Clearinghouse Review* are available to non-LSC funded subscribers for a nominal copying and mailing charge. All you have to do is fill out the order form below, giving the number, letter and title of the item that you want.

Many of the articles and case developments that appear in the *Review* are sent to us by persons in legal services offices who wish to share their work with the rest of the community. We strongly urge readers to send us all case developments of significance. We also encourage people to submit articles for possible publication. Articles should discuss

topics of relevance to legal services. We are oriented toward publication of "how-to" articles which will help other legal services attorneys and legal workers in the day-to-day practice of law. Article submissions should be typewritten, double-spaced, with footnotes also double-spaced and placed at the end of the article.

WE ARE INTERESTED IN YOUR COMMENTS, suggestions and/or criticisms of all aspects of the work of the Clearinghouse. Please direct comments to Director, National Clearinghouse for Legal Services, Inc., 407 S. Dearborn, Suite 400, Chicago, IL 60605, (312) 939-3830.
